

# Biomedics<sup>®</sup> toric

A quality contact lens for wearers with astigmatism.

CooperVision<sup>®</sup>  
Live Brightly.<sup>®</sup>

If you're looking for quality toric contact lenses that provide a stable, comfortable fit, check out Biomedics<sup>®</sup> toric contact lenses from CooperVision, a world leader in toric contact lenses. Biomedics toric lenses provide the on-eye stability and minimal rotation that lens wearers with astigmatism need for crisp, clear vision and a comfortable lens-wearing experience.

## Replacement Schedule

 2-week

## Corrects

 Astigmatism

## The features you'll love

- Innovative toric design provides predictable orientation and stable fit for consistently clear vision.
- UV blocker helps protect your eyes against the transmission of ultraviolet rays, helping support your eye health.\*

\* Warning: UV-absorbing contact lenses are not substitutes for protective UV-absorbing eyewear, such as UV-absorbing goggles or sunglasses, because they do not com. Patients should continue to use UV-absorbing eyewear as directed.
